

Embracing Resilience in Patient Organization Projects

DAR AL AMAL Facility, based in Marrakesh - Morocco is dedicated to supporting people living with cancer and their families. It offers free services as accomodation, transportation, medications, blood tests, emotional and psychological support, educational resources, rehabilitation services and some social services, ...

The HOUSE of HOPE aims to provide a caring environment that fosters **HOPE & RESILIENCE** for both patients and parents.

Covid 19 Crisis 2020 - 2022

- **Providing information for Patients:** Provide up-to-date information and guidance to cancer patients about COVID-19.
- **Medication Delivery:** Implement door-to-door delivery of medications to minimize patients' need to visit the hospital.
- **Education:** Maintain educational programs and activities through virtual platforms.
- **Collaborations:** Work with all stakeholders to address the negative impacts of COVID-19 on cancer patients and their families.
- **Adapting to Post-COVID Changes:** Plan for future changes, such as incorporating telemedicine and tele-consultation into regular services.
- **Data:** Collect data to understand the specific and urgent needs of cancer patients during the pandemic.
- **Financial Assistance:** Offer financial assistance for patients facing economic challenges due to the pandemic.

Earthquake Crisis September 2023

- **New Partnerships:** Engage with local Businesses and international NGOs (House Insurance and repair works).
- **Funding sources:** Accept Financial donations, in-kind support, volunteer assistance, and expertise.
- **Enhanced services:** Introduce weekly visits from a psychologist and a monthly grant of 500 € for blood tests.
- **Media Engagement:** Extend interview invitations to local newspapers and radio stations to share the inspiring story of Dar Al Amal and encourage community support.
- **Sustained Communication:** Maintain consistent communication with partners and donors, keeping them informed about the tangible effects of their contributions, Dar Al Amal's ongoing repairs and future opportunities for involvement.
